TOWN WARRANT

State of New Hampshire

TO THE INHABITANTS OF THE TOWN OF CONWAY, County of Carroll, in the State of New Hampshire, qualified to vote in Town Affairs :

You are hereby notified to meet at Kennett High School Auditorium at Conway, New Hampshire, on Tuesday, the thirteenth day of March, 1984, at nine o'clock in the forenoon to act upon the following subjects hereinafter set forth. Voting on Articles 1, 2, 3, 4 and 5 will be by official ballot and the polls shall open for balloting at nine o'clock in the forenoon or as soon thereafter as the Moderator calls the meeting to order and declares a quorum present. The remaining articles of the Warrant shall be acted upon at seven o'clock in the evening or at the closing of the polls if the meeting shall vote to keep the polls open to a later hour.

ARTICLE 1. To choose all necessary officers.

ARTICLE 2. To see whether or not the Town will vote to adopt Amendment No. 1 as proposed by the Planning Board for the Town of Conway Zoning Ordinance relative to changing nonconforming use definitions and other wording changes in the zoning ordinance, to be acted on under official ballot of the Town.

ARTICLE 3. To see whether or not the Town will vote to adopt Amendment No. 2 as proposed by the Planning Board for the Town of Conway Zoning Ordinance relative to changing nonconforming use definitions and other wording changes under the sign portion of the zoning ordinance, to be acted on under official ballot of the Town.

ARTICLE 4. To see whether or not the Town will vote to adopt Amendment No. 3 as proposed by the Planning Board for the Town of Conway Zoning Ordinance relative to changing the zoning district boundaries by creating a Village Commercial District and Highway Commercial District which together shall constitute the Business District under the zoning ordinance, to be acted on under official ballot of the Town.

ARTICLE 5. To see whether or not the Town will vote to adopt Amendment No. 4 as proposed by the Planning Board for the Town of Conway Zoning Ordinance relative to changing the Conway district boundaries by enlarging the Highway Commercial District (the Business District) along the west side of Route 16 south of Conway Village, to be acted on under official ballot of the Town.

ARTICLE 6. To see whether or not the Town will authorize the Selectmen to investigate and contract in the name of the Town for the disposal of solid waste generated in the Town, with private contractor or contractors lasting for a term of years at such price and other terms as the Selectmen deem prudent and reasonable acting in their sole discretion and capacity.

ARTICLE 7. To see if the Town will vote to appropriate the sum of SIXTY THOUSAND DOLLARS (\$60,000.00) to be used to prepay three years of the five-year EAST CONWAY ROAD RECONSTRUCTION NOTE, and authorize the withdrawal of that amount from the Federal Revenue Sharing Fund. Recommended by the Budget Committee.

ARTICLE 8. To see if the Town will vote to appropriate the sum of SEVENTY THOUSAND DOLLARS (\$70,000.00) to be used as part of the PROJECT READ expansion project for the CONWAY PUBLIC LIBRARY, and authorize the withdrawal of that amount from the Federal Revenue Sharing Fund. Recommended by the Budget Committee.

ARTICLE 9. To see if the Town will vote to raise and appropriate the sum of TEN THOUSAND DOLLARS (\$10,000.00) to be placed in the MUNICIPAL CENTER CAPITAL RESERVE FUND for the purpose of a study of the need, site location, construction costs, and preliminary design of a Municipal Center. Recommended by the Budget Committee.

ARTICLE 10. To see if the Town will vote to raise and appropriate the sum of FIFTEEN THOUSAND DOLLARS (\$15,000.00) as the Town's share of a \$150,000.00 study of the SACO RIVER WATER AQUIFER SYSTEM to be conducted over three years by the U.S. Geological Survey. Recommended by the Budget Committee.

ARTICLE 11. To see if the Town will vote to raise and appropriate the sum of FIVE THOUSAND DOLLARS (\$5,000.00) to hire consultants to study the need, site location, construction costs and preliminary design of PUBLIC RESTROOM FACILITIES in the Town. Not recommended by the Budget Committee.

ARTICLE 12. To see if the Town will vote to raise and appropriate the sum of THIRTY THOUSAND DOLLARS (\$30,000.00) for the Smith-Eastman Landing Project, and authorize the Board of Selectmen to apply for, accept and expend Federal Land and Water Conservation Fund grant funds, or other federal or state funds which may be available for the project, to reduce the cost to the Town by one half. Recommended by the Budget Committee.

KILLION, PLODZIK & SANDERSON
ACCOUNTANTS AND AUDITORS
171 North Main Street
Concord, New Hampshire 03301

To the Members of the Board of Selectmen
Town of Conway
Conway, New Hampshire

We have examined the combined financial statements and the combining fund and account group financial statements of the Town of Conway, New Hampshire as of and for the year ended December 31, 1982, as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1B, the combined financial statements referred to above do not include financial statements of the General Fixed Asset Group of Accounts which should be included to conform with generally accepted accounting principles.

In our opinion, except that omission of the General Fixed Asset Group of Accounts results in an incomplete presentation, as explained in the above paragraph, the combined financial statements and the combining fund and account group financial statements referred to above present fairly the financial position of the Town of Conway, New Hampshire at December 31, 1982, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole and on the combining fund and account group financial statements. The accompanying financial information listed as supplemental schedules in the table of contents is presented for purposes of additional analysis and is not a required part of the combined financial statements of the Town of Conway, New Hampshire. The information has been subjected to the auditing procedures applied in the examination of the combined, combining fund and account group financial statements and, in our opinion, is fairly stated in all material respects in relation to the combined financial statements taken as a whole.

SELECTMEN'S REPORT

For anyone not familiar with the responsibilities and operations of the Board of Selectmen, it may be helpful to look upon the Board in a metaphorical manner by comparing it to a telephone central switching station. Almost every Town related problem either directly or indirectly passes through the Town Office and, in varying degrees, involves the Selectmen. Looking ahead, therefore, to an expansion of demands on the Town for civic guidance and problem solving, the question of how long our form of local government can or should continue is inevitably raised. The answer, of course, depends upon the Selectmen's dedication and willingness to work. Judged by the cooperative and efficient team work of the Selectmen this year, and ably assisted by competent Town and Assistant Town Managers, together with willing and capable secretarial backup, I am sure our form of government has many years of service lying ahead of it.

The solid waste disposal problem has been under study for a number of years. Two alternatives are presently being evaluated:

- 1) A contract with an independent corporation (with a proposed incinerator located adjacent to the Town landfill site) to handle all solid waste from Conway, Albany and Eaton with whom Conway has cooperated for years, or
- 2) Transfer solid waste to a large landfill site in Rochester, New Hampshire.

Frequent traffic congestion on Routes 16 and 302 continues to be a major problem, one which adversely affects the welfare of Conway. During the year the Selectmen have had meetings with the State Highway Department in an attempt to get traffic studies underway to the end that a definite program of improvement might be established. The emphasis has been on a by-pass. These meetings culminated in a public meeting at which a poll established a 10-1 preference for a by-pass rather than reconstruction of Route 16. Town Meeting will consider a non-binding referendum to indicate whether an eastern or a western by-pass is preferred.

Semi-annual tax billing was put in operation this year. There were surprisingly few complaints or inconveniences expressed, but there were many comments of satisfaction over the fact that it has saved the Town about \$100,000 in interest costs that otherwise would have been incurred in borrowing larger funds for Town operations pending receipt of taxes in December. The following details are interesting. Over 80%

of taxes were collected as of December 31, 1983, versus 76% as of December 31, 1982. And our cash balance December 31, 1983, was \$710,000 versus \$218,000 December 31, 1982.

Elsewhere in this booklet is the Town Manager's report covering a number of accomplishments administered by his department.

Respectfully,

ROBERT BUMSTEAD, Chairman
Board of Selectmen

TOWN MANAGER'S REPORT

To the Board of Selectmen and Citizens of Conway

1983 was a good year. One of those rare years when operations go according to plan, with very few nasty surprises or disasters which normally sabotage our budget or plans. It was also a year in which the local economy continued to rebound with fair weather thrown in.

While by-pass hearings stole most of the publicity, seeking a solution to our solid waste dilemma has consumed a larger amount of time. It appears quite clear that our landfill space will expire by early fall, and thus we are planning to begin transfer operations on or about October 1st. This has been pointed out by Kimball Chase Engineers as the lowest cost solution for the near future. Even while we plan this transfer operation, we are working to develop an agreement with Remedial Resource Recovery to incinerate our garbage to produce electricity.

The Selectmen took significant steps to improve our operations in 1983 by approving purchase of a modern computer system, and contracting for codification of our local ordinances. The Selectmen negotiated a ten year renewal of our cable T.V. franchise, gaining new extensions of lines in both 1983 and 1984. The Board again wrestled with road betterment petitions in 1983. Due to aging roads built prior to the implementation of Town Road Standards, it appears clear that we will see more, not less, of these in the future. Hopefully, we will be able to develop clearly written policies and procedures to guide both the Board and the petitioners.

A very important accomplishment of the Board in 1983 was adoption of a pay scale for employees, together with job descriptions. This was the result of a study by the New Hampshire Municipal Association. It is very gratifying to see such a study implemented, solving to some degree age old problems.

Major activities of the Highway Department included reconstruction of Kearsarge Road and Dollof Hill Road, and paving of 2 miles of West Side Road. We constructed a 20' x 40' welding shop addition to our Town Garage, removing a hazard and easing our severe space problem. The first perambulation of the common town lines with Bartlett, Chatham and Hale's Location since 1971, was completed in 1983 by members of the Highway Department. The State of New Hampshire will be maintaining East Conway Road in 1984 after finish-

ing jointly funded improvement. The State assumed maintenance of Green Hill Road in 1983, and the Town assumed year-round maintenance of Kearsarge Road and small portions of West Side Road, in a 1983 swap.

The Selectmen's meetings on Mondays at 1:00 p.m. are open to the public, and Minutes of those meetings are available at the Town Hall and Conway Public Library. Your continued involvement and attention is the only way to ensure an open and responsive government.

ASSESSOR'S REPORT

The success of the semi-annual tax billing (more detail in Selectmen's Report) was a highlight for this office in 1983.

We are in the process of changing over the tax billing process from a commercial vendor to the Town's new computer system for 1984. This should save us time, and consequently money, in the near future. It will also allow us several features not available when the billing was farmed out.

The Selectmen have given the go ahead for an in-house revaluation or update of values for the Town. We have set a target date of April 1, 1987. This will involve spot checking property throughout the Town, along with the normal yearly check of sites where construction is going on. In the interim, we will be running sales studies to isolate problem areas and this will eventually lead to our returning to 100% assessments.

The feeling is that we can, with the help of our computer, get on a continuous update program. The cost of a commercial firm doing a townwide revaluation is becoming so expensive that preventive steps are a must.

We would like to remind anyone who is entitled to an exemption that they must file by April 15th.

The following tables show the taxable value and tax rate within each precinct for 1983:

# 8 Town	\$ 48,238,225	22.1%
# 9 Conway Village	39,534,040	18.1
#10 North Conway Lighting	42,910,510	19.7

REPORT OF THE CONWAY POLICE COMMISSION

The Police Department underwent several changes during the past year with regards to personnel. Change appears to be the pattern of police departments everywhere and we are no exception. The new personnel hired have given the Department added stability. New Patrolpersons hired are Dan Buttrick of Conway, Jeff Dicey of Tamworth, Scott Frost of Conway, and John Saxby of North Conway. Jeff and Scott are presently attending the New Hampshire Police Academy.

In January, 1984 Therese Dignard from Berlin, N.H. was hired as a Special Police Officer. We have high hopes for Therese, and after six months on duty, she too will become a student at the New Hampshire Police Academy.

During this past year Elizabeth Dionne of Conway, Deni Dufault of Bartlett, and Bob Grant of Conway were hired as Dispatchers. No longer is a person performing part time duty as a Dispatcher and part time duty as a secretary. To be a Dispatcher takes a special temperament. The pressures worked under can at times be very trying. Sandy Merrill was placed in charge of the Dispatch Department and with thorough training of assigned personnel, has provided this Department with an excellent team of Dispatchers.

We would also like to commend our Department's Secretary for doing an excellent job this past year as she has done for many years. Thank you Helen Kurz.

Overall, the Police Department at this time is very stable, well staffed and trained. Morale is high and the personnel are first class. Hopefully this situation can be maintained.

The Commission received, with the utmost regret, the resignation of Chief Don Lance. This was totally unexpected, although understandable. The constant pressures of this job are not understood until experienced. Over the years of his duty as Chief of Police, Don has taken a department where morale was extremely low and job performance so-so, to an enviable position as one of the recognized top police departments in the State of New Hampshire.

We wish Don and his family the best in whatever endeavors or paths they choose to follow.

Being an excellent administrator, Chief Lance left us with a good man to fill his shoes, Lt. Bill Scaletti, who the Chief recommended

highly. Bill has spent most of his life in law enforcement and being Lieutenant was the logical choice for the position of Chief. Bill's right hand man will be Sergeant Bob Mullen, (to be promoted to Lieutenant), also a veteran of many years with the Conway Police Department. Together they will make an excellent team, one of which the community can be proud.

The Town of Conway is undergoing constant growth with increased population and more housing areas and roadways to be covered. Consequently, this produces more calls to be responded to. The Conway Police Department will always strive to fill these needs for protection in the most cost effective way possible.

Several cost saving programs have been initiated this year. For example, the health and life insurance programs are being examined for alternatives to Blue Cross/Blue Shield which may result in substantial savings to the taxpayers and still maintain the same benefits. Vehicle maintenance contracts were put out to bid, and the results have been very cost effective when compared to past years' experience. Maintaining an efficient police department is not inexpensive, nor will it ever be. This is the only department in the Town of Conway that is always within reach by telephone, 365 days per year, 24 hours per day. We are no longer the typical sleepy New England town; we have our share of metro-type crime. The increase in this type of crime in the past few years will probably continue, unfortunately.

We thank the majority of the taxpayers who have always shown their support for their police department. We are grateful.

Lastly, we say goodbye to Phil Roberts who has spent 21 years as your Commissioner. Phil has always done an excellent job for the Police Department and its personnel. His years of experience as Chief of Police of the Conway Police Department and as a Deputy Sheriff of Carroll County have certainly proven to be an asset to all. Any Commissioner who has ever served with him has been able to draw on Phil's knowledge and experience. Many, many thanks, Phil.

REPORT FROM THE CHIEF OF POLICE

The requests for police services in 1983 were 5,391. This was an increase of 8% over the 4,976 calls for service experienced during 1982. (A year to year comparison is provided.)

The department prosecutor processed 2,061 cases which resulted in guilty findings. A total of 102 cases were dismissed, not prosecuted or resulted in not guilty findings. I believe this 95% conviction rate is an indication of the overall quality of cases brought before the court.

The department has continued to provide our community with the highest quality of police services available.

The 1984 Police Department Budget does not include any requests for increased personnel or additional equipment. The budget does require your continued support of our present personnel and the replacement of three police vehicles.

I am leaving the Department after the 1984 Town Meeting. I believe that the Conway Police Department is a fine law enforcement organization providing the highest level of professional services to our community. I urge all citizens to continue to support the police department in its tireless efforts to provide services.

I have great confidence in the incumbent chief, William "Bill" Scaletti. I know he will provide the leadership you expect from this office.

I wish to express my gratitude to the Police Commission for its direction and support. My observation on the issue of police department control is that our community must have a strong Police Commission to assure that the department is not susceptible to political interference from misguided politicians. This autonomy allows the department to concentrate on providing services while the politicians provide wisdom.

I wish to express my personal thanks to J. Philip Roberts, Paul W. Hutchins, Jr., Maurice Frechette and Wesley Gleason for their encouragement, support, direction and friendship.

BOARD OF ADJUSTMENT REPORT

With only minor changes to the Zoning Ordinance voted by the Town at the 1983 Town Meeting in March, the Board of Adjustment considered only 22 cases. The following actions were taken:

- 1 Variance request granted
- 6 Variance requests denied
- 2 Variance requests withdrawn
- 2 Appeals from administrative decision upheld
- 1 Appeal from administrative decision not upheld
- 9 Special exceptions granted
- 1 Special exception denied

The Board regretfully accepted the resignation of Stephen Parsons in September, and he was replaced by Alternate, William Crowley.

PLANNING BOARD REPORT

With an upturn in the economy this year, the Conway Planning Board had a very busy year during 1983.

Although the Board had scheduled every first and third Thursday of each month to consider subdivision and site plan applications, and every second and fourth Thursday for work sessions, the Board dedicated almost all weekly meetings during the period of March through August 1983 to consider the high number of applications for site plan and subdivision approvals received during that period. In addition, the Board held several meetings on Tuesdays to expedite site plan and subdivision applications and held three public hearings on zoning changes, subdivision regulations, and modifications and minor changes on site plan.

The Conway Planning Board voted to accept the Master Plan in its entirety, and it was ratified in accordance with State Statutes in April, 1983.

A few zoning changes were worked on and proposed by the Board this year. They were mostly the clarification type, with the exception of two major changes; the sign ordinance and the proposal of the new districts within the existing commercial zones.

The following is a summary of the subdivision and site plan consideration during 1983:

1. Subdivisions considered	35
Subdivisions approved	33
Subdivisions withdrawn	2
Major subdivisions	16
Minor subdivisions	20
2. Boundary line adjustments considered and approved	14
3. Total lots approved	48
4. Total units approved	196
5. Site Plan Review applications considered and approved.	29

The 1983 appropriation for the Conway Planning Board was \$20,375; and expenditures for the year were \$15,329, leaving a surplus of \$5,046 which was returned to the General Fund. Income received during the year was \$6,125.20.

The 1983 Budget included payment for a technical consultant to aid and advise the Board on such topics as drainage, topography,

traffic, site suitability, soils, and inspections to insure that site plan and subdivision regulations were carried out. The Engineer's assistance in these matters have been invaluable to the Board and was instrumental in the expediting of subdivision and site plan considerations.

The Conway Planning Board appreciates the cooperation and assistance we have received from the Town Officials, other Boards, and Committees; and we would like to thank all citizens who participated in the planning process.

REPORT OF LIBRARY TRUSTEES

The Conway Public Library, a gift to the town in 1900, has had only two capital improvements since it was built, both of which were contributed - the Children's Room, donated by the Lucy family in memory of their parents, Mr. and Mrs. Arthur O. Lucy, and the History Room, a gift of Keith Henney in memory of his wife Nella Braddy Henney. Recognizing the need for the growth of the library to match the growth of the town, the trustees made plans to renovate the basement to provide additional stack space, modern bathroom facilities, a work area and a meeting room, and also to provide a rear entrance and access for the handicapped. Chester B. Lucy is chairman of fund raising for this Project READ (Renew, Expand and Develop) and in 1982 fund raising got under way. It became a major activity in 1983. Approximately 72% of our goal of \$250,000 has been attained, with Revenue Sharing Funds from the town (\$30,000), a federal grant under the Library Services and Construction Act (\$81,500), and local fund raising (69,500.) Generous contributions were made by our local banks, the Pequawket Foundation, and the Mulford Trust. It would be impossible to estimate the number of businesses and individuals who have participated in local fund raising by giving money, time and goods, and by attending and supporting local fund raising events, such as an auction and a train robbery. We are deeply grateful for all the support and the many hours of work that have gone into this effort. Fund raising efforts will continue until our goal is attained. Architects Robert E. Jawitz and Philip S. Tambling have been engaged, and we hope that construction can be completed in 1984.

A re-grant charter for the town of Conway, dated 1772, taking away from some of the grantees their rights to Conway land, and giving those rights to other young men more willing to fulfill the requirements of the original charter, was found in a tin can in the 1960's. More recently it was sent to the Northeast Document Center in Andover, Massachusetts, to be cleaned, made ready to survive another century, and framed. This re-grant charter was signed by Governor John Wentworth. It is now in the Conway Public Library. To the knowledge of the trustees this is the only re-grant charter on record for a New Hampshire town.

The library continues to be used for educational and cultural programs. It works in cooperation with the School for Lifelong Learning by providing educational material for adults. The N.H. Council for the Humanities sponsored a three week program on Robert Frost which attracted as many as 75 people, and the National Council for the

Humanities sponsored a popular reading program for adults, "Quest for Identity." Summer reading programs and story time programs continue to be popular with children. An IBM exhibit of models of the inventions of Leonardo da Vinci attracted much attention. Many civic organizations continue to meet in the library.

Circulation increased from 39,278 in 1982 to 42,243 in 1983. There are 17,565 volumes in the library.

We are proud of our professional, friendly staff for the help it provides the residents of the area. Anna Carroll, one of our staff members, retired at the end of 1983 after many years of loyal service. We wish her well in her retirement.

In addition to the volunteers involved in our fund raising, many volunteers come in regularly to help with normal library activities, and with the Outreach to Carroll County Shut-ins program. They are a vital part of the library.

The services the library supplies, and the community interest and involvement, are sources of satisfaction and challenge to the trustees.

REPORT OF THE CONWAY CONSERVATION COMMISSION

The Conway Conservation Commission reports the following accomplishments during 1983.

1) The Pudding Pond entrance road has been completed by the Town Highway Department. It is now possible for maintenance vehicles to get into the 200 acre tract from Woodland Avenue.

2) The Commission has made an agreement with Jim Smith of East Conway for a right-of-way across his property into the East Conway Town Land. Over the last 3 years the Commission has been locating the boundary lines on this 80+ acre tract which was part of the Conway Common Land. This has been completed with pipe corner markers and blazed lines.

3) A drainage basin has been placed by the Highway Department in the parking area of Davis Park in Conway Village. Erosion of the river bank was becoming a serious problem and hopefully this will help eliminate the erosion.

4) Brush and trees have been cleared at the Conway Scenic Overlook so that a better view of the mountains, river and fields can be seen. Work of the same nature has been contracted out to clear brush at the First Bridge, Shedd Woods and Whitaker Woods in North Conway.

5) The Commission put out to bid the timber harvesting on the Town Forest on Worcester Hill Road. The Selectmen selected Charles DiPrizio and Sons of Union, N.H. to complete the harvest by August, 1983. A total of \$11,329.43 was deposited in the Hubbard Davis Resource Fund from that sale. The Commission wishes to thank the County Forester, Peter Pohl, for his help in this project.

1983 WATER SAFETY REPORT

Approximately 235 children participated in the usual sessions at Echo and Conway Lakes. It seems clear that not all children who need lessons in Water Safety are receiving them. The Water Safety Committee would like input from townspeople on ways to improve the program and make it more accessible. Is lack of transportation a problem?

Some changes will have to be made next year to encourage swimmers to go to Echo Lake rather than Conway Lake, which was overcrowded during the first session last summer. Under the new management, Echo Lake proved to be a fine facility.

Attendance was good among those who signed up, thanks to the parents, the teachers and the good weather.

Expenses for instructors were as follows:

Wages	\$2,230.45
Employer Social Security	145.92
Travel	<u>10.00</u>
Total	\$2,386.37

The following are the dates for next summer's Water Safety Program:

NORTH COUNTRY COUNCIL REPORT TO THE TOWN OF CONWAY

With a Board of Directors made up of representatives from every member town, North Country Council is the regional planning and economic development agency for communities in the northern part of the State. Conway is one of forty-three members that utilize the Council staff in community and land use planning, economic development, solid waste, transportation, recreation, and municipal services.

North Country Council has been busy in Conway this year. While the ConWay Committee and Planning Board wrapped up the Town's Master Plan, NCC assisted with the final recommendations and in the editing and printing. Since then, Council staff has reviewed the Board's subdivision and site plan review regulations and offered suggestions on road standards, soils-based lot sizes and design guidelines. Recently, proposed amendments to the zoning ordinance were evaluated. Information has also been provided on the recodification of the planning laws, the law lecture series and the procedure for zoning amendments.

In economic development, the Council has worked with the Conway Area Business Development Corporation on a number of short-term and long-term activities. The goal has been to encourage or allow the expansion of existing businesses, or reuse of vacant buildings and lots, through the Community Development Block Grant and Urban Development Action Grant Programs. One top priority is the Kearsarge Metallurgical property for which NCC is preparing an application for a community development grant to resolve some of the problems at that site. The Council also contributed to an economic development strategy being devised by the CABDC and a consultant. Our office also provides demographic and economic data to businesses and individuals interested in the Mt. Washington Valley on a regular basis.

NCC continues its communications with the State and rail companies to encourage continued rehabilitation and use of regional rail lines.

The Council assisted the Conway Public Library in successfully applying for federal funds to renovate and expand its facility. We continue to work with the Library staff on other grant opportunities.

The Council keeps abreast of the Town's solid waste planning activities, and this past year has undertaken a North Country regional septage study with resultant data and recommendations useful to every town.

Besides direct assistance to each member town, the Council works with local officials and area legislators as an advocate for North Country towns in legislative and funding issues at the State and Federal levels.

We appreciate the involvement in these activities and interest of the Conway Selectmen, Planning Board, Town staff, the CABDC and townspeople, and look forward to more of the same in 1984. Your representatives to North Country Council are Glenn R. Saunders and Douglas C. Burnell; they may be contacted through the Town Office.

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

Once again, our cooperative town and state forest fire prevention and control program leads the nation in least acres burned per forest fire. Less than one-half acre per fire statewide average.

At the town level, your Forest Fire Warden is responsible for the prevention and control of all grass and woods fires when the ground is not snow covered.

Forest fire prevention is achieved at the town level by issuing a written permit for every fire that is to be kindled on the ground out of doors when the ground is not covered with snow. Each person wishing to have an outside fire must obtain this written permit from the town Fire Warden before kindling the fire. Any person that does not obtain a fire permit, when one is required, is violating our forest fire permit law and is subject to a court appearance and could be fined up to \$1,000 and receive a jail sentence of up to one year.

No fire permit will be issued between 9:00 a.m. and 5:00 p.m. unless it is raining. The reason for this is twofold: the fire danger increases steadily between 9:00 a.m. and 2:00 p.m., then subsides to a safe level between 2:00 p.m. and 5:00 p.m. This happens because the sun dries out the fine fuels that are easily ignited and dries the air which permits rapid fire spread. Also during this part of the day fire fighters are not readily available in most communities so an escaped fire could burn longer and cause greater damage before being suppressed.

Your cooperation in burning only when conditions are safe is greatly appreciated.

As Smokey says, "Remember, Only You Can Prevent Forest Fires!"

All burning of brush must be cleared by the Forest Fire Warden before a permit can be issued. The amount of brush and area must be inspected beforehand and cleared by the Warden and District 6 Ranger. A ten to fourteen day lead time is necessary to be sure all fire and environmental protection laws are met.

DONALD H. WEST
Forest Fire Warden
